My action to reduce climate change will be to create a poster and post it on social media such as Facebook, Twitter, and Instagram.

My action to reduce climate change will be to be creative when reusing materials, and by planting and growing flowers or trees.

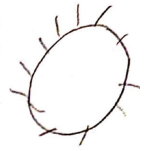

My action to reduce climate change will be to plant flowers and trees. I will get creative and re-use things whenever I can.

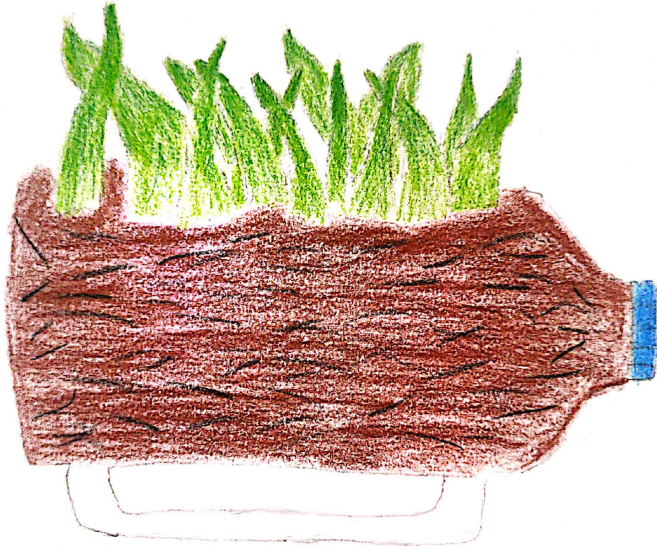

My action to reduce climate change will be to make a campaign for “Reduce, Reuse, Recycle” with my classmates to help everyone understand how to make the Earth a safe place for people, animals and plants to live in.

Plant More Trees

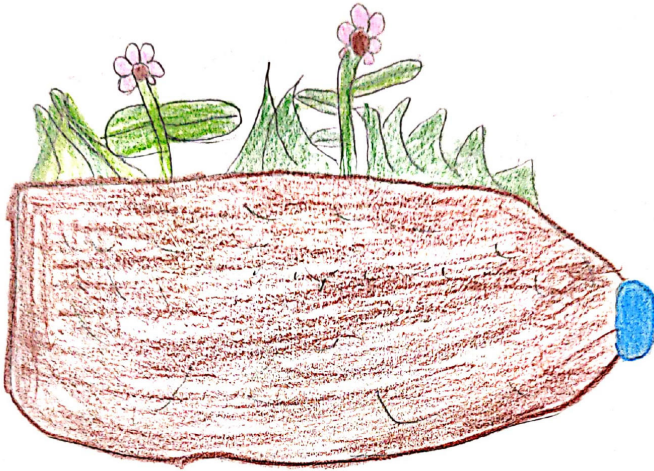

My action to reduce climate change will be to help my parents plant more trees to save our world.

My action to reduce climate change will be by growing plants and trees.

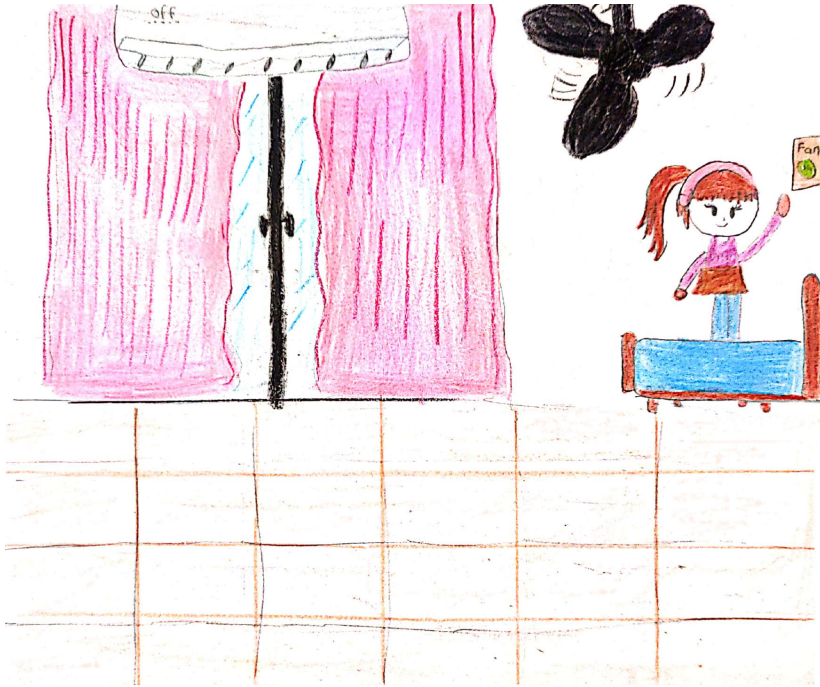

My action to reduce climate change will be to reuse plastic bottles.

My action to reduce climate change will be to cut fewer trees and reuse plastic bottles.

My action to reduce climate change will be to reduce climate change by growing plants and trees.

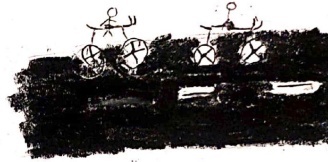

My action to reduce climate change will be to minimise my electricity use.

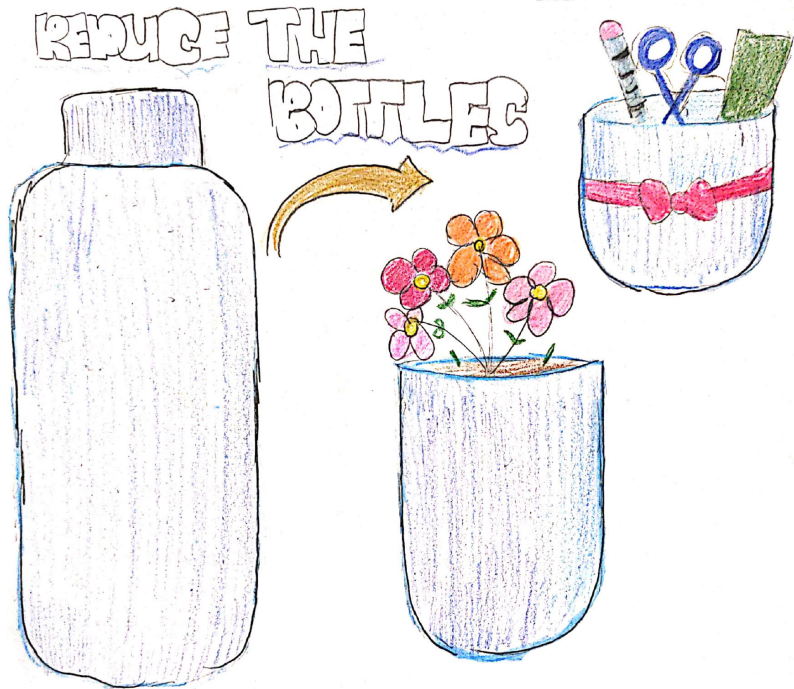

I will switch off electricity when I do not want to use it.

My action to reduce climate change will be to save electricity, walk or ride a bike, plant flowers or trees, and use my creativity when recycling to reuse materials.

My action to reduce climate change will be to ride a bicycle when I go to places because it does not produce any smoke.

My action to reduce climate change will be to reduce rubbish by reusing bottles.

The bottles can be changed into flower pots, pencil cases and other things.

My action to reduce climate change will be to grow more plants and trees to avoid greenhouse gases.

My action to reduce climate change will be to grow many plants and flowers so that the temperature will reduce and be colder than before.

My action to reduce climate change will be to use fewer plastic bags because it takes a long time to be destroyed and causes greenhouse gases.

My action to reduce climate change will be to plant flowers or trees and get creative with how I can re-use things whenever I can.

My action to reduce climate change will be to grow plants and trees for oxygen.
