Mapping to curriculum:

English

- Recognize common word transformations and language devices used in texts.

Lesson Instructions

An [acrostic poem](#) is a type of poetry where the first, last or other letters in a line spell out a particular word or phrase. The most common and simple form of an acrostic poem is where the first letters of each line spell out the word or phrase.

- Pick a topic:** Have students choose a one-word topic for their poem and write it vertically down the page. Take students to the garden to think of ideas for their vertical word.
- Write lines:** For each letter of the vertical word, students write a word or short sentence starting with that letter. It should relate to the topic or describe it.

Example of an acrostic poem for **WEATHER**

Weather Acrostic Poem	
W	Warm
E	Evaporation
A	Air pressure
T	Thunder
H	Hot
E	Environment
R	Rain

Other examples: VEGETABLES, HARVEST, GROWING, COMPOST, NATURE (and many more).

Extension activity

For a harder activity, encourage students to think of words or sentences that fit a theme. For example, if the word is “compost,” they can write about what can and can’t go in the compost. Students can turn their acrostic poem into a poster and display it as a reminder of what belongs in the compost.

This is a fun writing activity and a good way to introduce poetry to students. It helps students learn about the kitchen, garden, or any other topic you choose.
